Dear Science Teacher!

The University of Limerick is conducting a new citizen science experiment with science teachers and TY students around hand washing practices in schools. We are looking to recruit 25 science teachers from all over Ireland.

All you have to do is a single experiment with your class and record the results. The benefits to you include

- Free equipment
- Professional development
- Contribute to a national research project

If you would like to get involved or would like more info, please get in contact by emailing martin.mchugh@ul.ie
